Springreels, Kv., May 14, 1845.

Messrs. Sanford & Park:—I take this opportunity of informing you of a most remarkable cure me by the use of Dr. Wistar's performed upon me by Balsam of Wild Cherry.

In the year 1840 I was taken with the inflamation of the bowels, which I labored under for six weeks, when I gradually recovered. In the Fall of 1841 I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines and every variety of aid withbenefit; and thus I wearied along until the winter of 1845, when I heard of Wistar's Balsam of Wild

My friends persuaded me to give it a fair trial, though I had given up all hopes of recovery, and had prepared myself for the change of another Through their solicitations, I was induced to make use of the genuine Wistar's Bal sam of Wild Cherry. Tee effect was truly aston

ishing.

After five years of affliction and suffering, and after having spent four or five hundred dollars to no purpose, and the best and most respectable physicians had proved unavailing. I was soon restored to entire health by the blessing of God, and the use of Dr. Wistar's Balsam of Wild Cherry. May the blessings of God rest upon the proprie-

tors of so valuable a medicine as Wistar Balsam

of Wild Cherry. Yours, respectfully, The genuine Wistar's Balsam of Wild Cherry has a fac simile of the signature of Henry Wistar, M. D. Philadelphia, and Sanford & Park. En-graved wrapper. The great peculiarity and excellence of Dr. Christie's Galvanic Curatives, consists in the fact that they arrest and cure disease by our ward application, in place of the usual mode of drugging and pheicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They attempthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPETSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temperaru retief, but which leave the patient in a lower state, and with in jured faculties, after the action thus excited has cased. Now compare this with the effect resulting from the application of the GALVANIC BELT. . ake a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply the the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back spain to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severacases of DYSPENSIA are FERMANENTLY CURED. A CATE, THE DISEASE OF YEARS.

which conclusively proves that "Truth is stranger than Fiction." CURE OF Rheumatism, Bronchitis and Dyspepsia. REV. DR. LANDIS, A CLERGYMAN of New Jersey, of distinguished attainments and exalted reputation:-

Sidnet, New Jorsey, July 12, 1848.

DR. A. H. Christie-Dear Sir: You wish to know of m what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsis. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourters years since, in consequence of frequent exposures to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic filtenmatism, which for year after year, caused me indescribable anguish. Farther: in the winter of '45 and 46, in consequence of preaching a great deal in my own and verious other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My servesus system was new thereughly prestrated, and as my Bronchitis became worse, so also did my Dyspepsis and Rhemmatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous system. In the whole pharmacopois there seemed to be no remedial agent which could reach and recuperate my Nervous System; every hing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FUILD. This was in June, 1846. To my exzer astronish ways I was EMBLED to RESUME my FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FASTORAL LABORS; NOR MAYS I WAS EMBLED TO RESUME MY FAST I THE GALVANIC BELT AND NECKLACE. My reply it DAYS I WAS ENABLED TO BESUME MY PARTORAL LANGES; NO. DAYS I WAS EMBLED TO RESURE MY PASTORAL LABORA, NOR HAYE I SINCE OMITTED A SHOCK ERRYING FOR ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC APPROTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and hoppy results of the experiment.

'I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPT RESULTS, I BELIEVE, IN EVERY

Much was done previously to the application of the Bell, but with very little success, and I feel it only right to tell you, that since she commenced wearing the Bell and using the Fluid, but a few weeks ago, she has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years."
